Personal Profile

Motivated B.Tech Information Technology student at IET DAVV with strong skills in C++, Java, Data Structures & Algorithms, and the MERN stack. Possess advanced knowledge of Internet of Things (IoT) and enjoy building practical software solutions. Eager to apply technical expertise, solve real-world problems, and continuously learn new technologies.

Education

2024 – 2028: Btech in Information Technology

Institute of Engineering and Technology DAVV, Indore

CGPA: 8.41

Class XII

Year of Passing: 2023

Percentage: 95.4

Class X

Year of Passing: 2021

Percentage: 98

Projects/Research

Taskflow

MERN Stack Task Management Application

- Developed a full-stack task management application using the MERN stack (MongoDB, Express.js, React.js, and Node.js) with a responsive and user-friendly interface.
- Implemented secure user authentication and authorization using JWT, enabling user registration, login, and protected access to personal tasks.
- Built complete CRUD functionality with task categorization, priority and status management, input validation, and user-specific data access to ensure secure and efficient task organization.

Skills

C, C++, Java, Python, Data Structures & Algorithms (DSA), MERN Stack (MongoDB, Express.js, React.js, Node.js), Internet of Things (IoT)
